Behaviour – Traffic Lights

At the Academy, we use a traffic light system to warn children if their behaviour is not of the acceptable standard. The aim is for the children to stay in green. For children to display green behaviour; they would be demonstrating our 3 Woodhouse Ways: Be Responsible, Be Respectful: Be Safe. The totals below show many children have achieved this each week.

This week 212 out of 214 children have achieved this.

Well done!

Stars of the week

Recent attendance data submitted to DfE shows our attendance at 94%.

This is below the National expectation.

Our class story this week has been 'Rosie's Walk' by Pat Hutchins. We have focused on prepositions and the children have explored the different places in which the animals were hiding. In Forest Schools we have been learning how to be kind to nature. The children enjoyed getting messy, while making bird feeders.

Tigers - FS1

FS2 have been really enjoying listening to stories with a friend at our listening station.
Pandas - FS2

Year 1 have been busy brushing up on their place value skills. This week we have been working hard on comparing amounts of objects, pictorial images and numerals and applying new vocabulary that we have learnt to these groups.
Hedgehogs - Year 1

This week we have been looking at making the bottom of Nelson's column in DT lessons. We had to use the cutting and folding skills that we've learnt in class. We've also been looking at the names of the seven continents of the world and the four countries in the United Kingdom.
Squirrels - Year 2

In year 3, we really enjoy reading and are loving the reading area in the classroom. We love to read for fun after dinner to help us to settle, ready to learn. We are also really enjoying our class read 'This Morning I Met a Whale'
Owls - Year 3

Koalas enjoyed working together in Commando Joes to build ice walls of rock with equipment and to use problem solving. These Vikings were challenged by only being able to remove the items with the use of rope and sticks.
Koalas - Year 4

Faye enjoying her maths work- we have been busy looking at negative numbers.
Flamingos- Year 5

This week Lions class have been making blood! Our science topic is looking at the circulatory system. The pupils have worked extremely hard to understand the heart. So having a fun hands-on lesson, learning about the different aspects of blood was well-deserved and well-received.
Lions - Year 6
